State Control Over Highways Is Protested

Lack of Speed Limits On El Camino Real Draws Fire

Assumption by the state of policing duties over state highways through cities, with resultant lack of control by the municipalities over speed limits on the thoroughfares, came up for discussion and some criticism at three city council meetings in San Mateo county Monday night.

In Redwood City, Councilman Evans A. Fletcher broached the subject when he criticized recent placement of an "End 25-Mile Zone" sign on El Camino Real at Oak Avenue—inside the city limits.

But Acting City Manager C. L. Dimmitt said that the state had recently made a survey of the highway, and had ordered the sign placed because of infrequency of buildings south of that point.

SIGNS TAKEN DOWN

In Burlingame, the council discussed the same question. Police Chief J. J. Harper asking what he should do regarding desired erection of 25-mile limit signs, which the American Automobile Association refused permission to erect and removed one sign already placed. After considerable discussion, the subject was dropped with no action being taken.

In San Mateo, the council was presented with a request from the South San Mateo Improvement Association seeking to have a speed sign placed on El Camino Real near Twenty-fourth Avenue. The organization cited the heavy traffic from Bay Meadows and pointed out it was almost impossible for pedestrians to cross the highway during peak traffic periods. But there again control of the state over the highway was referred to, and no action taken.

Three Damage Suits Result From Crash

Damages totaling \$108,750 were asked here Monday in three damage suits filed in superior court against Calvin Meitz.

Claude Samsel, insurance salesman, asked \$50,750 for injuries he suffered in an accident October 31 at the intersection of El Camino Real and Junipero Serra. Similarly Nella Tutthill, sales girl asked \$50,000 of Meitz for hurts she suffered while a passenger in Samsel's car which collided with that of Meitz. The sum of \$8,000 was asked by Phina Samsel in the suits filed through the attorney firm of Stern and Gruppe, San Francisco.

GABLE, CRAWFORD AGAIN TOGETHER

"Love on the Run," currently playing at the Fox Sequoia Theatre, brings together again Clark Gable and Joan Crawford, who are shown above in a scene from this latest love story. Completing the double bill which leaves Saturday night is "Magnificent Brute," featuring Victor McLaglen, the Academy Award winner, and Binnie Barnes.

DIMMITTS ENJOY FINE WEATHER ON TRIP TO INTERIOR MEXICO

Returning to his office Monday after a two weeks' vacation by train in Mexico with his wife and daughter, June, Acting City Manager C. L. Dimmitt found his desk cluttered with a mass of unopened letters and new city business, but he was all smiles nevertheless.

"We had a splendid trip," he exclaimed. "The gods were kind, and favored us with fine weather."

None of his family was sick from water or poor food, Dimmitt said, because they all remained close to the special dining car on their train fare, made the round trip circuit from El Paso to Mexico City, and back through Mazatlan, Guadalajara, to Nogales.

Visiting scenes that he knew in his youth, when he worked in Mexico back in 1905, Dimmitt also saw many things that were new to him.

"We stayed five days in Mexico City," he said, "and took motor tours out to different points of interest, such as Taxco, and the pyramids, which had only been discovered when I was first in Mexico."

San Jose Man Named Sequoia Art Instructor

One new staff member and two substitute teachers joined the faculty of Sequoia Union High School with the resumption this week of classes after the holiday vacation. Replacing Stanley D. Rollin, who resigned in December to accept a position with the Santa Monica Junior College, Harold A. MacChesney of San Jose has taken over Rollin's former work in home arts and applied science and in stagecraft.

MacChesney, who is a graduate of the College of the Pacific at Stockton, is doing graduate work in English and public speaking at Stanford University. He saw service as an aviator during the World War and worked for six years as a studio property man, set dresser and assistant director with a motion picture studio in Hollywood. He was recently engaged in adult education work in San Jose. As a substitute teacher taking the place of Miss Anna W. Neff, classes.

Yule Death Brings Huge Damage Suit

For death of Harold Crotty, 36, San Jose, one of San Mateo county's Christmas holiday accident victims, his wife and their son, Don E. Crotty, have asked \$100,000 damages from Cleve Hower, 46, of Burlingame, auditor of the state board of equalization and driver of the machine which collided with Crotty's car on the Bayshore highway near Pacific City. Hower is charged with negligent homicide.

A puppy with six feet was among a litter of seven dogs borne at Ocala, Fla., by an English setter.

who is ill, Ronald Anderson has joined the faculty to give instruction in the social studies. Anderson's interesting experience includes several years of teaching in Japan. Mrs. Marion Dwight Hall, former dean of girls, is temporarily replacing Miss Genevieve Wurzbach, who is ill. Mrs. Hall is teaching English and social living classes.

PORT START MADE SURE FOR MONDAY

Dimmitt Reports All In Order for Harbor Project to Begin

All arrangements have been completed for the Healy-Tibbitts Construction Company to begin actual work on the Redwood City harbor project next Monday, Acting City Manager C. L. Dimmitt reported here today after conferring with the San Francisco firm whose low bid won the contract.

On that day, Dimmitt said company officials told him, start of erection of an office building will be begun, and machinery will be moved onto the site, in conformance with PWA requirements that work be begun January 11 in order to take advantage of the \$71,325 grant given the city. PWA officials, who approved award of the contract to Healy-Tibbitts, will be present Monday to see that work is started.

No ceremony will be held at the time, Dimmitt said, but it is possible when first ground is broken, rites will mark start of the project dreamed about here for many years, and which was ordered put under way Monday when the city council accepted the Healy-Tibbitts bid of \$93,472 for the wharf and transit shed facilities.

Dredging, tracks and roadways, sewer, water and light systems, and numerous other expenditures will bring total investment to be put into the port to some \$365,000. Of this amount, the city is contributing \$200,000 in bonds; the PWA, \$71,325, and the U. S. war department, \$94,000.

Completion of the harbor construction program is expected in six months.

SELZ' WOUND NOT FATAL, DOCTORS SAY

Prison Silence Hides Cause of Attack With Hammer

That Ralph Jerome Selz, convicted "laughing" murderer of Mrs. Ada French Rice of Woodside, would recover from wounds he suffered late Monday when attacked in San Quentin prison by a hammer-wielding fellow convict, was the report issued today by San Quentin Hospital physicians.

While Selz, 27, underwent treatment for severe scalp lacerations and concussion, his assailant, Paul Wolf, 21, auto thief, was locked up in the prison dungeon.

Prison authorities did not reveal the specific cause of the conflict between the pair, but it was indicated there had been "bad blood" between the two for some time, the Associated Press reported. Both convicts worked in the jute mill.

Selz' skull was believed at first to have been fractured, but X-rays dispelled this fear.

JUDGE PONDER'S STATEMENT \$40,000 INCOME INADEQUATE

The sad story of a young man who has difficulty living on a yearly income of \$40,000 had been told to Superior Judge A. R. Cotton here today.

The narrator was James McDonald III, formerly of Hillsborough, now a rancher on a 1452-acre property in the northern part of the state. He sought to convince Judge Cotton Tuesday that the jurist should reduce the \$500 monthly payments which the judge ordered him to pay as separate maintenance to Mrs. Alecia McDonald of Berkeley, the girl the young heir to an oil fortune married while a student at the College of Pacific.

McDonald sought to persuade Judge Cotton that despite his large income, he should not be held for contempt of court for being \$750 arrear in his payments to Mrs. McDonald, who must also support their child.

The motion made by McDonald's counsel for reduction of the separate maintenance payment, and whether McDonald is in contempt of court or not, were taken under submission by Judge Cotton. McDonald, now 23, and due when

Mrs. Vinmont Fatally Hurt At Bakersfield

Dorothy Second Child To Die in 14 Months; Husband Is Injured

Tragedy struck again Tuesday at the family of Leon Douglass, wealthy Menlo Park inventor, and left his daughter, Mrs. Ralph B. Vinmont of Cupertino, dead in Bakersfield, second of his children to die suddenly in the past 14 months.

With the millionaire ill of a heart ailment in San Francisco, word was kept from him of the automobile accident in which Mrs. Vinmont suffered fatal injuries and her husband and two other persons were hurt.

Mrs. Vinmont and her husband left Menlo Park Tuesday for a 10-day trip to Palm Springs. Eleven miles south of Bakersfield, their machine, which the husband was driving, collided with that of Mrs. Hazel Robertson, 42, of Wasco.

Mrs. Robertson and her daughter, Jane, were also injured. Dr. S. C. Long of the Bakersfield Emergency Hospital said he did not believe that any of the other persons injured were fatally hurt.

Mrs. Vinmont, the former Dorothy Douglass, had been married twice previously. She married Vinmont March 11, 1935, in Reno. She was 35 years of age.

It was only on November 26, 1935, that Mrs. Ena Douglass McNabb died in San Francisco in childbirth.

Mrs. McNabb passed away in the Children's Hospital, San Francisco. Death of Mrs. Vinmont will shock the bay region and peninsula as much as did the death of Mrs. McNabb. Both were well known in social and charitable circles.

Besides the father, others surviving are a sister, Mrs. Lawton W. Langdon, the former Florence Douglass, and two brothers, Eldridge E. Douglass and Leon Douglass Jr. The Douglass family home is on Valparaiso Avenue.

New Manager's Aide Named at Ward Store

Promotion of Ernest Krull, for some time manager of the store's tire department, to assistant manager of the local Montgomery Ward store was announced today by Manager Thomas Joaquin. Krull succeeds Dudley Smith, assistant manager, who has been named manager of the new Montgomery Ward unit at Huntington Park. Smith has already left for the South. His wife, Gladys, and son, Dudley, will leave in several weeks. The Huntington Park store was recently damaged by fire and a new manager assigned there to open the new, larger store, the promotion coming to Smith in recognition of his services in Redwood City.

SPEAKS HERE

Dr. Ira B. Cross, professor of economics at the University of California, will be the principal speaker at next Wednesday night's community dinner at Sequoia high school cafeteria. Professor Cross will discuss "The Possibility of Inflation."

C. C. MEETING IS EXPECTED TO DRAW MANY

Committeemen Expect Community Dinner To Set Mark

That the problem will not be how to get attendance at next week's big Community Dinner and annual Chamber of Commerce meeting, but how to take care of all who wish to come, was evident late Tuesday afternoon when committeemen arranging the affair met to report on activity so far.

The dinner, which will be held Wednesday at 6:30 p.m. in the Sequoia high school cafeteria, with plates at \$1 each, will be attended by members of all service and civic organizations in the city, as well as the general public, with wives of service club members especially invited this year.

Because the chamber dinner is being combined with the American Legion's annual meeting at which the Community Service Award is to be presented, many more local residents than usual will be drawn to the gathering, it is believed.

Since not more than 400 can be accommodated at the high school, committeemen were asked to notify everyone with whom they come in contact to secure their dinner tickets early. Ticket Chairman K. W. Van Gundy said tickets could be secured at the chamber of commerce office in the Sequoia Theatre Building; at any local bank, any drug store, at the Pacific Gas and Electric Company office, at The Tribune office, or at any of the large Redwood City stores. All committee men also have tickets.

Nominations for recipient of the community award closed last night, and judges appointed by the Legion and Tribune, co-sponsors, will choose winner of the honor the first part of the week. He will be presented with the award as a feature of the dinner.

Principal speaker will be Dr. Ira B. Cross, professor of economics at the University of California. A brief but entertaining program is being planned by the arrangements committee, headed by Sam Winklerbeck. He is assisted by Joe Farr, Henry Witte, Van Gundy, Ike Brischgi, Miss Mary Rolla and Mrs. Alfred A. Childs, representing local clubs.

Co-Chairmen A. C. Argo and Stephen Chase of the dinner and reception committee are selecting a reception committee.

Former R. C. Woman Dies in Los Angeles

Word of the death of Mrs. Emma Covert in Los Angeles December 27 has been received by friends here. Mrs. Covert was a resident of Redwood City 30 years ago. She leaves three children, Mrs. Ora Hamilton, John Covert and Harley Covert. Mrs. Covert passed away at the home of her daughter in Los Angeles.

NEW SUPERVISOR BOARD SEEKS ERA OF 'PEACE, QUIET AND ORDERLINESS'

Following of Charter Or Its Replacement Goal of Board

Proclaiming their intention of inaugurating an era of "peace, quiet and orderliness" in county government, San Mateo county's new Board of supervisors was seated shortly after noon Monday and took immediate steps to notify County Manager Walter T. Kellogg that he will not be rehired after expiration of his term May 29.

Meeting before an audience that taxed capacity of the auditorium room of Department No. 2, the board elected Hugh H. Smith, former mayor of Daly City, as chairman.

Called to order by County Clerk E. B. Hinman after the old board had reconvened for a few moments in the gloomily empty supervisors' chambers across the rotunda, to adjourn "sine die," the meeting of the two incumbents and three newcomers ended in a blaze of oratory after an hour and a quarter.

But before the speeches, several

items of business were transacted, all receiving unanimous votes.

The naming of Smith as chairman came with Incumbent Fred Beer making the motion and Supervisor John Poole, fellow incumbent, seconding.

Passing of the resolution notifying Kellogg of the board's intention not to reappoint him to his \$6000-a-year post at the expiration of his term May 29 came on motion of Supervisor James S. James, second of Supervisor Poole.

Kellogg was not to be seen in the crowd as the action was taken. The board announced that it "asks for and expects" applications to be made for the executive's position by qualified persons.

The Redwood City Tribune was named as the county's legal newspaper for 1937. Supervisor Poole making the motion, with Supervisor Beer seconding. The Burlingame Advance has been the legal paper for the past year.

Menlo Park Youth Wins Naval Honor

Selection of Alfred Kasberg of Menlo Park as honor man for his company at the U. S. Naval Training Station, San Diego, was reported here today by Commander J. W. Gates.
Kasberg enlisted in the Navy in

November. The selection marked appreciation of his "outstanding ability, zeal and loyalty," the commander stated. Young Kasberg is the son of Earnest J. Kasberg of Menlo Park.

Bermuda grass, once considered a curse of farm land, is now recognized as a valuable ally in controlling soil erosion and supplying pasture grazing.

Thomas Noble, 14, Is Injured In S. C. Crash

Injuries which included fractures of his right wrist and left arm in addition to numerous cuts and bruises were suffered by 14-year-old Thomas Noble, son of Mr. and Mrs. W. T. Noble, 141 Whipple, shortly before 6 o'clock Sunday night when, riding a bicycle, he collided in San Carlos with the truck of Albert Taylor, Ferndale Way, Redwood City.

Young Noble and Ray Wilkins, 11, on another bicycle, were just starting to their homes after visiting at the home of Dr. and Mrs. Harry Mason when the accident occurred. The Wilkins boy did not strike the truck. San Carlos police reported. The accident occurred at the Cedar street-St. Francis Way intersection.

After treatment by Dr. Mason, the Noble youth was taken to Mills Memorial Hospital.

HEADS BOARD

HUGH H. SMITH
Elected Supervisor Chairman

MENLO PARK

A son was born to Mr. and Mrs. Lewis Fisher at the Palo Alto Hospital Wednesday morning. The mother was formerly Miss Dorothy Taylor. The proud father is a Stanford man and is studying law.

Miss Susie Gale, who underwent an appendicitis operation at Palo Alto Sunday evening, is recovering nicely. She will return to her home next week. Her many friends will be pleased to learn that she is convalescent.

The sympathy of the community goes out to Mr. and Mrs. Leon Douglas in their sad bereavement. Their eldest daughter, Mrs. Dorothy Vinnott, was killed in an accident at Bakersfield Tuesday. This is the second death in the family within a year. Another daughter, Mrs. Ena McNabb, died in child birth a year ago. Mr. and Mrs. Douglas have not recovered from the shock of the first death. Mrs. Douglas has been ill almost ever since.

The recent storm has driven large flocks of robins from the north. On arriving in Menlo Park, they began devouring the red berries and other varieties that are plentiful. The robin is a song bird and protected by the federal government.

The rainfall for the season is 6.01 inches as against 3.37 inches at this time last year. These figures are taken from the rain gauge at the Southern Pacific depot.

Miss Katherine Donohoe was among the members of the Women's City Club who had taken tables for a "Twelfth Night" dinner given preceding presentation of "The Cricket on the Hearth" Wednesday evening in the auditorium of the San Francisco clubhouse.

Mr. and Mrs. W. P. Wilson of Menlo Park were among a party of guests who joined in welcoming the New Year at the home of Mr. and Mrs. Oscar Sivertsen in Palo Alto.

East Palo Altan Dies in San Mateo

Norton Worden, 80, 680 Olive street, East Palo Alto, died Sunday night at a San Mateo hospital, terminating a lingering illness. He is survived by a daughter, Miss Nellie Worden of East Palo Alto.

Claim River Source Rights

A hitch in the plans to secure 100 per cent Hetch Hetchy water for the peninsula—water to be purchased from San Francisco—developed here when the Modesto Irrigation District directors pointed out the rights of the district to Tuolumne River water, proposed source of the new supply. The Modesto district officials passed a resolution calling attention to a suit now pending in the superior court there wherein the district seeks a judicial determination of its rights and those of San Francisco to the river water, and warning that any rights the peninsula may obtain through contracts with San Francisco will be subsequent to those of the district.

Copies of the protest resolution will be sent to Palo Alto, Mayfield, Atherton, Redwood City, San Mateo, and to Stanford University. These cities have either entered an agreement, as in the case with Redwood City, or have planned such action, to secure more Hetch Hetchy water.

Meanwhile, the San Francisco Board of Supervisors, scheduled to vote on the \$260,000 distribution main which would run from Redwood City to Mayfield, delayed action on the proposal. A scheduled vote failed to take place.

This enabled Supervisor James McSheehy to renew his attempts to have the board reconsider the "10-cent" water rates which became effective January 1 for large peninsula consumers. McSheehy holds that the rates should be cut first for San Francisco consumers.

Mount Erebus is the highest peak in the Antarctic.

Italian Groups Schedule Dance For Widows' Aid

For the benefit of three widows of deceased members, four Italian Clubs will hold a dance January 16 at the Redwood City Foresters' Hall on Middlefield road.

Joining in staging of the benefit are the Nest No. 1484 of the Order of Owls, the Italian-American Progressive Club, the Italian-Catholic Federation, all Redwood City organizations, and the Italian Family Club of Menlo Park.

One of the widows is a Redwood City woman. The others are from Menlo Park and Atherton.

Tickets will be 25 cents for women, 40 cents for gentlemen. The dance will start at 8 o'clock.

Standard Oil Names New Local Agent

Succeeding L. T. Nygaard, who has been transferred with a promotion to the San Francisco office of the company, F. G. Martin, formerly of El Centro, has been appointed agent for the Standard Oil Company in Redwood City. Martin began his new duties here yesterday. Nygaard, who with his family lives at 850 Whipple avenue, plans to continue to make his home in Redwood City.

Georgia's 1936 peanut crop is especially good in yield.

NOTICE OF SALE OF REAL
ESTATE
No. 4476

IN THE SUPERIOR COURT OF
THE STATE OF CALIFORNIA,
IN AND FOR THE COUNTY
OF SAN MATEO.

In the Matter of the Guardianship of the Persons and Estates of MARIA LUISE HILFELD, ELIZABETH MARGARETH HILFELD and HENRIETTA EMMA HILFELD, minors.

Notice is hereby given that the undersigned, guardian of Henrietta Emma Hilfeld, a minor, (the other two having attained their majority) will sell at private sale, to the highest bidder for cash and subject to confirmation by said Superior Court on Monday, the 11th day of January, 1937, at the hour of 10 o'clock a.m., or after said day, at the office of San Mateo County Title Company, 733 Middlefield Road, Redwood City, California, all the right, title, and interest of said minor, being a one-third interest, in and to that certain parcel of land particularly described as follows, to-wit:

That parcel of land in the Town of San Carlos, County of San Mateo, State of California, described as follows, to-wit:

Lots numbered two (2) and ten (10) in Block numbered fourteen (14) as shown on that certain map entitled "Resubdivision of Tract 1 and a Portion of Tract 2 of the Property of San Carlos Park Syndicate San Mateo County, Cal." filed in the office of the County Recorder of San Mateo County September 28, 1912, in Book 8 of Maps at page 24.

Bids or offers are invited for said property, and must be in writing, and will be received at the office of the San Mateo County Title Company, 733 Middlefield Road, Redwood City, California, or may be filed with the Clerk of said Superior Court of the State of California, in and for the County of San Mateo, or delivered to the said guardian personally at any time after the first publication of this notice and before the making of said sale.

Terms and Conditions of Sale: Cash in lawful money of the United States of America; ten per cent (10%) of the purchase price to be paid on the day of sale, balance on confirmation of sale by the Court, deed at the expense of purchaser or purchasers.

Dated: December 21st, 1936.
HENRY A. R. KREUTZMANN,
Guardian of the Person and
Estate of Henrietta Emma
Hilfeld, a minor.

Dirigible Work Sought Again

A drive to revive airship operations, with possible construction of dirigibles, at Moffett Field, Sunnyvale, was getting underway in Northern Santa Clara county today.

Following a San Jose Chamber of Commerce meeting Tuesday, at which Langley ("Jack") Shoemaker of Mountain View told of the possibilities for resumption of America's lighter-than-air program, the chamber voted to send Shoemaker to Washington to promote the campaign.

Shoemaker's \$1000 expenses for his two-month trip will be born by interested cities, San Jose paying \$500; Palo Alto, \$250; Mountain View, \$150, and Sunnyvale and Los Altos, \$50 each, it is planned. These amounts were pledged by representatives of the communities attending the meeting.

Shoemaker, who recently returned from the national capital, reported that hope is constantly growing brighter for resumption of dirigible operation.

Recent report of the Durand committee of experts, urging resumption of airship experimentation, and continued successful flights of the German Hindenburg, have combined to temper feeling of congressmen heretofore hostile to dirigible development, it was reported.

Shoemaker is a member of the bay region air development com-

Mrs. Mackenhausen, Local Resident, Dies

Mrs. Mary Elizabeth Mackenhausen, a native of St. Louis, Mo., and a resident of Redwood City for the past 11 years, died Tuesday at the Palo Alto Hospital after a short illness. She was 67 years of age.

She leaves her husband, John Mathew Mackenhausen, and six children, Mrs. Helen Schweickert, Mrs. Margaret Abbott, Leo, John and Miss Mary Mackenhausen, of Redwood City, and Roy Mackenhausen of Burlingame.

Funeral services will be held Saturday morning at 9 o'clock from the deceased's late residence at 719 Beach street. At Mt. Carmel Church requiem mass will be said at 9:30 o'clock.

Elgin, Spain, has invited citizens of communities in the United States named Elgin to visit it. There are 37 Elgins in this country.

mittee, headed by Emory Bronte of Oakland, Cliff Walk of Redwood City is secretary.

Support of San Francisco Chamber of Commerce officials and of chambers between San Francisco and San Jose is expected to be sought for the move.

Shoemaker hopes to leave by Saturday, stopping in Los Angeles to act as chairman at a meeting of combined veterans' organizations, when he will seek support for the airship building program.

PROBATION PLAYS BIG ROLE AS PRISONERS SEEK MERCY

Probation — that magic word which means another chance — played a large part in San Mateo county's superior court criminal proceedings here Monday.

Tony O. Bush, 26, Pittsburg laborer charged with possession of marijuana "loco weed," was granted one year's probation by Judge Maxwell McNutt after Dist. Atty. Gilbert Ferrell had requested that Bush, who changed his plea to guilty, be treated leniently.

It was Bush who led federal officers to the little Pescadero farm house where Mrs. Nolberta Nunes, Mexican housewife, is accused of having conducted one of the largest wholesale marijuana businesses in the bay area.

Judge A. R. Cotton also found

the question of probation before him. Pleading guilty, Joseph Hines, 20, Daly City, and Jack Watson, 25, Kentucky, asked to have probation consideration on a charge of robbery of a Daly City grocery.

Referring their cases to Probation Officer Robinson, Judge Cotton set Friday as time for sentence. He also continued the case of Hines and Watson's accused companion in crime, Joseph McGuigan, 27, San Francisco. He will plead Monday.

Joseph Woodford, accused of passing a bad check in Burlingame, wished Judge Cotton to mete out justice as swiftly as possible. Woodford refused services of an attorney and waived time, asking to be sentenced immediately on the charge to which he pleaded guilty. Judge Cotton referred Woodford's case to Robinson to make a report in two weeks.

GIVEN JAIL TERM

Floyd Schumate, whose ingenious story of how he happened to be driving a stolen car was that he got into the machine to rest and the motor started of its own accord, was also granted two years' probation by Judge McNutt, but on condition that he serve three more months in the county jail. He has been there since December 4.

Probation leniency was Lawrence Branzetti's request of Judge McNutt, who referred the petition to Probation Officer Francis Robinson. Branzetti pleaded guilty to second degree burglary of a Burlingame house.

Case of Don Templeman, San Bruno aviator accused of manslaughter and negligent homicide, was continued two weeks by Judge McNutt because both Templeman and his attorney, Albert Mansfield of Redwood City, were ill and could not appear.

Ira Erickson, San Francisco, against whom are placed reckless driving and negligent homicide charges, was arraigned before Judge Cotton. Erickson's attorney, A. H. McGovern, asked one week in which to prepare a plea. Erickson was the driver of the car which collided November 23 with a vegetable truck. His two passengers, Edwin Huffman and Helen Roundsville, both San Franciscans, were fatally injured.

Newsmen Would Restrict Press Passes to Press

At a session at which new officers were installed, members of the San Mateo County Press Association, meeting in Redwood City Monday night, passed a resolution asking that issuance of press passes to shows, races or exhibits be confined entirely to members of the press.

Introduced a month ago, the resolution as passed will be sent to the county supervisors and directors of all public and private enterprises in the county. In addition, it will be presented to the California Newspaper Publishers' Association convention in San Jose January 14-16, where it is expected it will be approved by the state organization.

Reason for adoption of the resolution is that in the past numerous occasions have come to attention of the newsmen where press passes were being given out to people other than members of the press. The resolution does not object to other forms of passes being distributed, but is only to prevent

press courtesies from falling into the hands of other people.

At last night's session, held at Pete & Mary's Cafe, Edwin Wilder, manager of the Northern California branch of the C.N.P.A., spoke on the coming convention and program. He also discussed the newspaper situation, which is becoming crucial due to the maritime strike and the lack of raw materials which has caused cessation of manufacture in the Pacific Northwest.

New officers seated are Sam Winkler, publisher of the Redwood City Tribune, president, succeeding W. E. Fitzhugh of the Daily City Record; Ann Graham Brubaker, business manager of the San Mateo Times, secretary, and L. E. Harris of the Menlo Park Recorder, vice president.

Mrs. Catherine Lane Is Taken By Death

Mrs. Catherine Lane, widow of John Lane and former Woodside resident, died over the week-end in San Francisco, where she is mourned by Mrs. Lillian Bailey, Mrs. Alyce Godart, Mrs. Gladys Hendricks, and Gertrude and John Lane, all sons and daughters, and by two sisters, Mrs. Mae Old and Mrs. Rose Cooper.

Parley Held By Red Cross

Officers and leaders of Red Cross work in Redwood City and other peninsula communities were in attendance at the organization's conference which began today and will last until January 13 at the Cliff Hotel, San Francisco.

Representatives of seven western states were present to discuss peace and war-time programs. James L. Fieser, Red Cross vice chairman in charge of domestic operations, will arrive from Washington, D. C., on Friday and remain with the group until the following Monday.

During the conference, theme of which is "The Red Cross Place in Social Planning," stress will be laid on health, accident prevention, family service and youth programs.

Welfare work among members of the Army, Navy, Marine Corps and Coast Guard, the family service rendered to veterans of all wars and the maintenance of the Red Cross Nurses' Reserve will be considered.

The conference also is expected to further the Red Cross program of accident prevention in homes, on farms and highways.

In the Pacific area alone 215 highway emergency first aid stations, such as has been established in the local fire house, have been opened and 228 others are projected to reduce the loss of life by accident. Nationally the Red Cross has opened more than 1223 stations.

Fire Chief Ryan Heads President Ball Committee

Fire Chief Mark A. Ryan has been named chairman of the fourth annual Redwood City President's Birthday Ball committee, it was announced Tuesday.

Contrary to reports that in San Mateo county only one ball would be held this year, Redwood City is staging its own just as usual, at Foresters' Hall on Middlefield road, January 30, the same day that hundreds of other balls will be held across the country.

Ryan said that he would announce the other committee members within a day or two, as well as full plans for the event.

Henry L. Doherty, national chairman in charge of the nation-wide President's Balls, has picked Joseph V. Gaffey of Burlingame to head a similar affair at Tamoran.

As in the past three years the ball is being given for the benefit of children crippled by infantile paralysis in whom President Roosevelt has always exhibited a warm interest.

Proceeds are to be divided among the Warm Springs Foundation and local hospitals for the aid of children stricken with the malady.

A chain of revels is in the making for nearly every large city in the country, with Washington staging one huge party simultaneously in seven hotels.

Celebrations in San Francisco are being planned by the Junior chamber of commerce there.

Reports Show Church Gains

Effective development in the fundamentals of the religious life, and the breaking of numerous achievement records were told in the reports presented Tuesday at the annual meeting of St. Peter's Episcopal Church.

Church attendance for the year increased 21 per cent above the previous highest mark, with the Easter festival 40 per cent above any former year. The number of families affiliated increased 30 per cent. The number of communicants added by confirmation, 33, was far beyond the former record of 20.

The number of active groups doubled, the guild membership increased 25 per cent; the Young People's Fellowship doubled its group during the year, reports disclosed.

The finances, too, showed a healthy gain, including 24 per cent increase in pledged and 35 per cent increase in unpledged contributions. A surprise announcement by S. D. Tinker, president of the choir, showed the full cost of the new organ pledged.

Elections for 1937 made H. A. Brown, senior warden; A. M. Glover, junior warden; W. A. Harper, secretary; H. E. Jenkins, treasurer. Other vestrymen are J. R. Banta, W. J. Reynick, S. D. Tinker, P. A. Surber, Percy Wilson and Edward Potts.

Fine, Probation Hit Woman Drunk Driver

SAN BRUNO, Jan. 6. — Mary Warren of San Francisco, accused of both reckless and drunken driving on the coastside over last week-end, was fined \$50 and put on six months' probation when she appeared here late yesterday before Justice of the Peace Gus Rizzo.

In 23 years at San Quentin prison, Dr. Leo Stanley has attended 30,000 prisoners and witnessed more than 100 hangings.

McNutt Dismisses Reed Will Contest

Contest of the will of Maude C. Reed, founder of Reed's sanitarium in Belmont, was dismissed here by Judge Maxwell McNutt at the wish of the contestants, Emily V. Vignolo of Turlock and Myrtle C. Snow of South San Francisco, both nieces of Mrs. Reed. Mrs. Reed left a \$16,479 estate, the chief beneficiary being Dora Lack, a friend.

A building boom in Brazil is expected to continue for some time, She embroiders her name on each handmade tie.

CONGRESSMAN WIDOW DIES

SAN MATEO, Jan. 6. — Mrs. Eileen E. Flaherty, widow of the late Congressman Lawrence J. Flaherty, who was a former San Mateo resident, died yesterday at San Rafael, it was learned here.

M. P. MAN MARRIED

Married in Reno this week were R. C. Lake, 21, Menlo Park, and Martha Jayne Baker, 21, Palo Alto, the United Press reported today.

May Robson makes several dozen ties every year for her friends. She embroiders her name on each handmade tie.

Sequoia, S.S.F. Elections Near On J.C. Merger

Sufficient Signatures Believed in Sight To Call Vote

With but approximately 600 more signatures needed to secure the 20 per cent of the Sequoia high school district electorate required to bring the question of this section's consolidation with San Mateo Junior College district to a vote, collectors today neared the end of their task.

W. H. Pfafflin, retired Redwood City lumberman who is in charge of the drive to secure the 2909 signatures that must be presented to the board of supervisors Monday when the consolidation comes up for hearing, said he had nearly 2400 signatures, and has hopes that the petitions still out and to be collected tomorrow might swell this number by 1100 names.

If the petitions were not placed before the board Monday, the consolidation would be automatic, the board being powerless to call an election on the proposal.

S. S. F. ALSO TO VOTE
That South San Francisco will also present sufficient protest petitions to the board appeared probable today as interested persons in the northend reported that 50 sets of petitions are being circulated there, and that circulators had already secured close to the 559 signatures necessary.

From Jefferson and Half Moon Bay districts have come no reports of petitions being circulated. It is believed, therefore, that they favor the consolidation.

In the Sequoia district, Pfafflin has had 80 petitions out, with 50 collectors working to secure the signatures. The petitions have been in circulation since December 24.

NO RECHECK EXPECTED
Pfafflin's goal is to secure 25 per cent over the required number, so that in case a check of the signatures is forced, there will be ample leeway left for the signatures that are not valid.

Only way in which such a count can be forced, however, is by the San Mateo Junior College district protesting the validity of the petitions, according to the district attorney's office.

This the junior college heads, al-

ready under fire for "compulsion" in attempting to force the consolidation, are not expected to do.

SCHOOL NOT 'CROWDING' MOVE, LIONS CLUB TOLD

Granting that a vote on the county-wide junior college annexation proposal will take place in Sequoia and South San Francisco high school districts, Dean C. S. Morris of the San Mateo Junior College appealed to the Redwood City Lions Club last night "to understand what you're going to do when the time comes to vote."

"The school law, placing the initiative on the junior college district, unfortunately gives the impression that we are crowding things," Dean Morris said.

As reasons for the enlarged district, Dean Morris stated that a larger, better school for less cost in the long run will result, and that the annexation program is "good business."

"Business men should feel that even if the annexation raises the tax rate from 6 to 12 cents per \$100 of assessed valuation, it will

be good business," Morris declared. "As compensation for the increased tax rate, the annexed districts are having turned over to them \$400,000 in cash assets," he explained.

"The county cannot support more than one junior college without it being an undue financial burden on the county," Dean Morris said in answer to a question on the possibility of a junior college being located here eventually.

He closed with a plea not to let sectionalism, possible irritation over "certain persons" attempting to secure removal of the county seat to San Mateo, and earlier, of obstacles put in the way of Redwood City's harbor development, stand in the way of a proposal that will be beneficial to the county as a whole.

Venice's Rialto bridge was constructed in the latter part of the sixteenth century.

The first scientists to send the human voice by radio waves was Vladimir Poulsen, a Dane.

A. P. Whitehead Quits Barbering, Sells Cars

Habits of 18 years were changed in a New Year's move here by A. P. Whitehead of 515 Fuller street, who for that period of time has been a barber. Owner of the Elite Barber Shop, Whitehead has sold out to Harry Werner of Emerald Lake, and has joined the sales force of Jean H. Bambauer Motors.

N.P.A. Woman Dies On 44th Birthday

Mrs. Terese W. Huskey of North Palo Alto died Monday night at the Palo Alto Hospital on her 44th birthday anniversary.

She leaves to mourn her passing her husband, Dow Huskey, of 310 Menalto avenue, and two children, Dow Francis and Doris May Huskey. There are four sisters and a brother of the deceased living in Boston, her birth place.

Country Welded Into Single Unit By Automobiles

The automobile, greatest medium of individual transportation the world has known, has done more than any other invention of the last century to change this country from a group of states into one vast community with similar customs and ideals, in the opinion of B. A. Muir, branch manager for General Petroleum Corporation, who says:

"While the telephone, telephone and newspaper have accomplished much along with railroads and aircraft to achieve a national unity, it is the automobile that has brought about the intimate mingling of the people so essential to a common understanding," he said.

"We, who are in the petroleum industry, believe the development of fuels and lubricants, more particularly in the interests of improved motor transportation, has made important contributions to our transportation system as we know it today."

"As members of the world-wide Socony-Vacuum Oil Company organization, we are proud of the fact that George Seldon's first automobile, in 1877, was lubricated with Mobiloil. We are proud of the fact that during every year since then, oil companies throughout the United States have extended the services of their best minds to the purpose of developing fuels and lubricants which make possible a continued improvement in internal combustion motors and automotive engineering generally."

The population of the United States has increased by approximately a million persons a year since 1930.

Thirty-five states and 10 foreign countries are represented in the 5800 enrollment of the University of Oklahoma.

Only three patents were granted during the first year after the patent act became effective in the United States.

The United States produced 17-518 flasks of mercury, or quicksilver in 1935. It is extracted from cinnabar ore.

Cologne cathedral, the largest Gothic cathedral in Northern Europe, was begun in the thirteenth century and completed in the nineteenth.

Yule Mailing Biggest Ever

The biggest month for postal receipts that Redwood City has ever had pushed the year's total to a new record, it was announced Monday by Postmaster Robert O'Connell Jr.

And by a curious coincidence, the record-breaking total for the year was exactly \$4000 more than the next best year, 1935, when the total was \$61,508, the postmaster said.

The December receipts of \$8670, new all-time monthly mark, put the year's receipts at \$65,508.

Postmaster O'Connell said that the Christmas volume of incoming and outgoing mail was the biggest the local postoffice has ever handled, forcing addition of 16 extra men to the staff.

The year's receipts are 7 per cent more than last year's, while the December receipts are 14 per cent better than recorded in the 1935 Christmas season.

Burlingame's post office lead the county in receipts, totaling \$88,887 to the \$78,722 reported for San Mateo. Last year Burlingame's receipts were \$77,477, compared to San Mateo's \$69,151.

The 9.5 per cent gain in Burlingame's receipts furthered there for securing a new post office since it put the city in the "under \$90,000 and over \$83,000 class." It also secured \$100 per year pay increases for Postmaster Joseph Gaffey and his assistant postmaster and superintendent of mails.

Scott, Sentino Estates Before Local Court

Probate proceedings in the estates of two of San Mateo county's late December traffic victims, one of whom died intestate, were pending today in the county superior courts.

William O. Scott, Redwood City automobile dealer who was fatally injured December 29 when his car smashed into a steam shovel near Millbrae, left no will, his wife asserted in petitioning the court for letters of administration for his "less than \$10,000 estate."

Also on file is a petition for probate of the "less than \$2500 estate" left by Louis Sentino, 71, local tannery worker, killed the day after Christmas when struck here on the Bayshore highway.

Florida building reached a 10-year peak the past summer.

Dealer Tells Means to Cut Gasoline Use

To aid motorists in gaining greater gasoline mileage, Chrysler-Plymouth dealer here, yesterday outlined five rules to reduce fuel consumption. They are:

1—Don't race away from the intersection when the traffic signal says "Go." Attempting to beat the other fellow away from an intersection results in excessive gas consumption many times a day.

2—Don't choke your motor after it has "warmed up." Many motorists develop the habit of using the choke when it is not necessary. Naturally, this draws a richer gas mixture into the carburetor than is essential.

3—Don't remain in second gear too long when accelerating. Do not speed up to 25 or 35 miles an hour in intermediate gear. By so doing, you use approximately the same amount of gas as you would use at 50 or 60 miles an hour in high gear.

4—Do not allow your motor to idle for long intervals of time. Turn off the ignition when stopped for more than a minute.

5—Do not step on the accelerator when the motor is idling to determine if your engine is "turning over." Have your carburetor's idling speed correctly adjusted so that your motor idles properly.

According to the Dearborn Motor Sales, the motorists who observe these rules consistently will effect substantial savings in gasoline consumption.

California's 1936 honey crop is scarcely half the 1935 yield, which was 22,155,000 pounds.

County Officials Called to Tell Accident Details

Dist. Atty. Gilbert Ferrell, usually on the prosecuting end of legal matters, was on the receiving end of a subpoena yesterday, as with several other county officials, he was called to testify in a \$40,000 damage suit against Coroner William Crosby and Atty. H. Metson. Ferrell, Dr. Charles C. Gans, county health department head, his secretary, James Packwood, and other deputies in the health department were also put on the stand.

Crosby and Attorney Metson, who has defended both the coroner and himself in the trial, which has gone on for more than a month in San Francisco superior court, are being sued by Mrs. Ethel Parks, mother of Mrs. Besie Mullen, for the asserted unauthorized cremation of Mrs. Mullen.

Ferrell testified that he had no recollection of Coroner Crosby asking telephonic advice on the legality of authorizing Mrs. Mullen's cremation. Dr. Gans and his aides were asked routine questions concerning county burial records.

DOES BLADDER IRRITATION WAKE YOU UP?
It's not normal. It's nature's warning, "Danger Ahead." Make this 25c test. Use buchu leaves, juniper oil, and 6 other drugs made into little green tablets, to flush out excess acids and impurities. Excess acids can cause irritation, resulting in getting up nights, scanty flow, frequent desire, burning, backache, and leg pains. Just say "Bukets" to your druggist. In four days if not pleased your 25c will be refunded. Young Drug Co.
